Mastery Programs for Dyslexia,  
Attention and Math

Empowering those who think  
and learn differently.

## **Be the difference. Join our team. And earn while you learn.**

Welcome to a life of inspiring change and empowerment for individuals with dyslexia, ADHD, dysgraphia, dyscalculia, dyspraxia, and other learning challenges.

Seeking a new and fulfilling career path? Our professional training program offers a respectful, holistic approach that combines proven methodologies with deep insider-understanding and expertise to help you support neurodivergent learners effectively. This training is for educators, therapists, psychologists, parents of neurodivergent children, and others passionate about empowering those who learn differently.

### **Receive professional, expert training.**

Whether you're starting fresh or building on your existing expertise, the Davis Facilitator Training Program equips you with advanced, practical tools and techniques to support neurodivergent clients. Through our hands-on, experiential training, you'll learn to empower individuals to embrace their strengths and overcome challenges like Dyslexia (reading, writing), Dyscalculia (math), ADHD (attention), and self-regulation. Each stage of our carefully designed curriculum prepares you for a successful career as a licensed Davis Facilitator, making a lasting impact in this growing field.

### **Be supported every step of the way.**

Once enrolled in your first training assignments, you'll be assigned an experienced Davis Supervisor who will guide you throughout the entire journey. The training program includes digitized resources, interactive assignments, and expanded fieldwork opportunities—all accessible on the Davis Learning Platform.

### **Earn as you learn!**

Offset training costs by gaining practical experience and earning income during your Final Field Assignments.

### **Join us in making a difference.**

## Training Details

### Gift of Dyslexia Workshop

#### 5 days

Explore the foundational principles of Davis methods for dyslexia, as introduced in Ronald Davis's book, *The Gift of Dyslexia*. In this interactive workshop, you'll experience the full range of core Davis tools utilized in the Davis Mastery for Dyslexia Program.

#### Topics include:

- Our unique understanding of the root cause of dyslexia
- Core Davis Dyslexia techniques that eliminate problems with reading, writing, and spelling at source
- Perceptual tools to address disorientation
- Special technique (not in the book) for honing auditory perception
- Mastery of sight words (trigger words)

### Basic Field Assignments

#### Home-based distance learning

Integrate your learning from the Gift of Dyslexia Workshop by practicing Davis techniques on your own. This stage includes:

- A comprehensive package of assignments offering guided practice in all tools and techniques covered at the Gift of Dyslexia Workshop
- Access to training videos and interactive content via the Davis Learning Platform
- Digitized modules covering the Davis handwriting techniques
- Support and feedback from your assigned Davis Supervisor throughout the process and after your assignments have been submitted.

### Basic Practice Meeting

#### In-person/online group practice | 5 days

Develop your hands-on skills in Davis techniques. In small groups, under the guidance of a Davis Supervisor, you will practice each technique according to the program flowchart and explore the soft skills essential for success as a facilitator.

### Gift of Learning Workshop

#### 5 days

This workshop focuses on Davis tools for attention mastery and math mastery. Take a deep dive into our life-changing, drug-free approach to ADHD. Experience how years of

entrenched difficulties with mathematics and numeracy can be resolved in a matter of days.

Topics include:

- Mastery of core "life concepts" that form the bedrock of the Davis approach for both attention difficulties (including ADHD) and math difficulties (including dyscalculia)
- Davis Math Mastery exercises: an experiential route to arithmetical competence
- Attention Mastery exercises: establishing order, self-regulation in social settings, and establishing new behaviors.

## **Advanced Field Assignments**

### **Home-based distance learning**

A collection of assignments designed to elevate your skills as you:

1. Enhance your expertise with the new procedures acquired in the Gift of Learning Workshop.
2. Receive personalized feedback from your supervisor regarding your strengths, as well as support and suggestions for areas needing improvement.
3. Assess your own abilities on each procedure to identify areas for further training or clarity during your Advanced Practice Meeting.
4. Expand your comprehension of the fundamental principles that underpin each Davis procedure and the facilitation process.

The submitted assignments encompass a mix of written, photographed, and recorded work

## **Advanced Practice Meeting**

### **In-person/online group practice | 5 days**

This intensive meeting focuses on advanced concepts and math skills, providing you with hands-on practice and expert feedback.

## **Supervised Training Pods**

### **Three x 5-day workshops**

Experience three Davis programs - Davis Mastery for Dyslexia, Davis Mastery for Math, or Davis Mastery for Attention - as a facilitator, client, or observer. This immersive experience allows you to understand program structure and customization in a supportive environment. Daily topic discussions delve into the reality of providing Davis Programs in a professional setting.

## **Mastery of Motivation and Responsibility Workshop**

### **2 days**

This practical workshop provides you with insight into the motivation and responsibility dynamic of a Davis Mastery Program. Through extended clay-based concept mastery, real-life examples and discussion, you will deepen your understanding of the two most vital concepts for success as a Davis Facilitator. You will troubleshoot the most common reasons for client setbacks during or after a Davis program and develop a route map for addressing them, to ensure continued success.

## **Final Field Assignments**

Demonstrate your expertise by completing the following final assignments:

- Davis Mastery for Dyslexia (DMD) – Detailed case study
- Davis Mastery for Math (DMM) – Detailed case study
- Davis Mastery for Attention (DMA) – Detailed case study
- Reflective Essay

Each assignment is unlocked upon completion of the corresponding Supervised Training Pod and evaluated by your Davis Supervisor.

\*You are entitled to charge for your services at a reduced rate during the case study assignments to offset a portion of your investment made in your training.
